CANDLE STICKS

Our collection of candlesticks features twisting segments made from cast iron. The form is a unique base for a $\frac{3}{4}$ " tapered candle. As the candle melts, wax will drip over these segments, resulting in a waterfall effect.

Custom sizes available. Made in the Bronx, New York, USA.

MATERIALS : blackened steel, waxed finish

LEAD TIME : 13 weeks

SIZE : 1 $\frac{1}{2}$ "D Height varies
