

Undulating and irregular in form, the striking A.Cepa Mirror commands attention and reflects a sense of random order. The sculptural frame, with rich texture and depth, is cast at a fine art foundry in Pennsylvania and finished by hand.

A.Cepa Mirror

Dimensions

32"D, 40" or 44"D

Custom dimensions available

Materials

Bronze or stainless steel

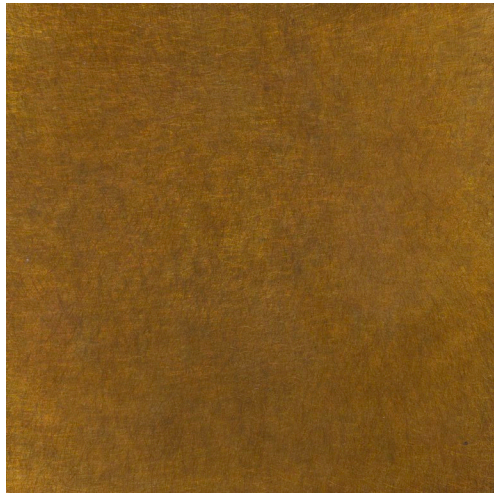

Finishes

Hand-patina bronze, blackened bronze, polished bronze, satin stainless steel

*Bronze finishes are live, they are waxed and unlacquered to allow a rich, natural patina to develop over time. Lacquer can be added upon request to prevent natural patina.

Note: the A.Cepa Mirror frame is cast, which can produce pitting and surface variations in the metal. These features are inherent to the casting process and highlight the unique and hand-made nature of each piece.

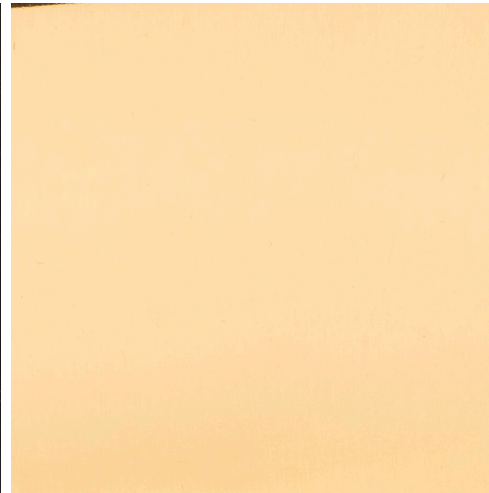

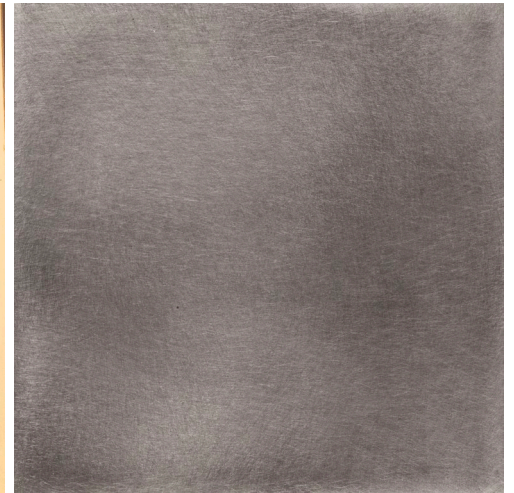

Hand-Patina Bronze

Blackened Bronze

Polished Bronze

Satin Stainless Steel

Note: bronze finishes are live, and will continue to naturally patina over time. lacquer can be added upon request.
