konekt

The Rib Flush Mount is available in two shapes and three sizes. Each glass pendant is blown in Italy and delicately framed by thin brass ribs. A cylindrical brass finial, with optional hand-wrapped leather or suede, elongates the pendant and adds a finishing touch of refinement.

The collection continues Konekt's exploration of opposing characteristics — finding contrast and balance between strength and fragility, soft curves and sharp lines, adornment and moderation.

## Rib Flush Mount - Small Sphere
