MEDIUM LEADED LANTERN BY ROSE UNIACKE - US WIRING

Code: 8104

RU EDITIONS

Made in Birmingham, the home of British stained glass and metal work. The lead construction is a design based on the traditional constructions of Victorian terrariums.

The multi-faceted shade hangs from three simple dark bronze chains supported by a ceiling rose. Central to all of this is a single dark bronze egg shaped lamp holder. The glass shade comprises 4 types of traditional cut glass, which is why they appear slightly different and cast curious light washes

E26 bulb recommended (not included)
