

SENNEN SECTIONAL

WITH SEAT CUSHION

The Sennen Sectional has been designed to be a striking centrepiece. With the versatility of multiple configurations, it can be tailored to suit any interior and lifestyle. The sofa has a choice of two arm designs – the curved arm creates a comfy cocooning corner, ideal for relaxing, or the open arm, where the seat flows forward, offering into the room. Made up of two sections, each available in a variety of lengths, they combine to create bold sweeping curves, both front and back. A considered sculptural form the Sectional is beautiful to view from all angles, with seat cushions wrapped in pure down it creates a vast corner of comfort.
