

## SHEER LINEN IN PARCHMENT

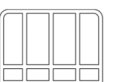

Code: 11142

Application: Curtains

Composition: 100% Linen

Woven from pure linen and yarn-dyed for subtle tonality, Parchment is airy, diaphanous and warm in tone. A delicate diamond pattern emerges within the weave - barely perceptible, yet enough to add gentle texture and visual depth. Washed for softness, the fabric drapes with effortless ease, bringing a gentle romanticism and fluidity to expansive curtains.

At 300 cm wide, its double width is ideal for generous drapery, softly diffusing light while the understated pattern rewards closer inspection. Parchment is a sheer that balances simplicity with quiet intrigue, offering softness, subtle detail, and an ethereal

# R

presence in equal measure.
