SMALL GILDED PLASTER CONE WALL LIGHT

£1,500

Code: 9767

RU EDITIONS

A minimalist, hand-finished internally gilded plaster cone wall light mounted upon a dark bronze arm with a clean dark bronze cover plate. Each shade is entirely handmade in the UK in a craft workshop. Made from a mixture of fibre glass powder and plaster, which is then laminated into a mould, then left to dry, and trimmed. Lastly wet plaster is applied by hand, creating an outer featured texture, which is then finished in a snow white water based paint

When the above production process is complete the interior of the cone is coated in hand-applied 23.5 carat gold leaf. The gold leaf is applied using traditional methods of a British antique restoration company

CE wiring: suitable for UK/EU
